ABOUT THIS REPORT

This report details findings against the *Standards for Registered Training Organisations 2015*.

The evidence guidance included against each clause is designed to guide the auditor and RTO on the requirements of the clause. The evidence guidance is not designed to limit the audit findings and there may be other factors an auditor takes into consideration when determining whether compliance has been demonstrated.

Where evidence of non-compliance is identified, the '*Reasons for finding of non-compliance*' section of the report will document the issues that were considered in the formulation of a finding of non-compliance.

STANDARD 1	<p>The RTO's training and assessment strategies and practices are responsive to industry and learner needs and meet the requirements of training packages and VET accredited courses.</p> <p>To be compliant with Standard 1 the RTO must meet the following:</p>
-------------------	---

Clause 1.1
The RTO's training and assessment strategies and practices, including the amount of training they provide, are consistent with the requirements of training packages and VET accredited courses and enable each learner to meet the requirements for each unit of competency or module in which they are enrolled.

Table 1.8.1 Principles of Assessment

Fairness	<p>The individual learner's needs are considered in the assessment process.</p> <p>Where appropriate, reasonable adjustments are applied by the RTO to take into account the individual learner's needs.</p> <p>The RTO informs the learner about the assessment process, and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary.</p>

Validity	<p>Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner.</p> <p>Validity requires:</p> <ul style="list-style-type: none"> • assessment against the unit/s of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance; • assessment of knowledge and skills is integrated with their practical application; • assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and • judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessment requirements.
Reliability	<p>Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.</p>

Unit

TLIC4006 Drive multi-combination vehicle

Assessment complies with the assessment requirements of the relevant training package or VET accredited course. ☐ ☒

Assessment is conducted in accordance with the Principles of Assessment contained in Table 1.8-1 and the Rules of evidence contained in Table 1.8-2 ☐ ☒

Reasons for finding of non-compliance:

TLIC4006A Drive multi-combination vehicle

Evidence provided:

- Marking Guide
- Student study guide
- Student assessment tools - Theory/Practical
- Instructions to students and assessors
- Training and assessment site checklist for new sites
- Assessment Practical Videos.

Completed Student files:

- Gurjant Singh
- Dalbir Singh
- Varinder Singh
- Manjit Singh Khangura
- Lachlan Christensen
- Andrew Sam Johnson
- Carl Dittman
- Daniel Roche
- Edward Briton
- Joseph Cesar Strooband.
- The organisation did not demonstrate that it had implemented an assessment system that ensures that assessment:
 - a) Complies with the assessment requirements of the relevant training package
 - b) Is conducted in accordance with the principles of Assessment contained in table (1.8.1) and the rules of evidence contained in table (1.8.2).

For example:

- It was not clear how all the requirements of the unit were met in particular:
 - Work collaboratively with others when driving a multi-combination vehicle (required skills)
 - Operate electronic communications equipment to required protocol (required skills)
 - Complete documentation related to the driving of a multi-combination vehicle (required skills)
 - Adapt appropriately to cultural difference in the workplace, including modes of behaviour and interactions with others (required skills)

- Performance is demonstrated **consistently over a period of time** (Critical aspects of evidence).
- Criteria defining acceptable level of performance are limited for the practical observations.
For example student file Joseph Strooband under Maintenance – Maintenance monitoring – problem noticed – result C. Under informed appropriate staff member – result C and Problem Fixed – result C.
When questioned the organisation could not confirm who had been informed, what problem had been identified and what was fixed.
The tool does not ensure consistency between multiple trainers and assessors due to the lack of criteria defining acceptable performance.

“The example(s) listed above provide guidance on the areas of non-compliance identified and are not a full list of each unit of competency requirements that have not been met. The organisation is responsible for providing evidence that demonstrates all units of competency requirements are met.”
- Trainer and assessor instructions are insufficient resulting in the assessment tools not being completed consistently by all trainers and assessors as required. For example feedback to students required on the assessment tool in multiple areas is not completed and student signatures in multiple places throughout the assessment tool have not been completed.

In order to become compliant, the organisation is required to:

TLIC4006A Drive multi-combination vehicle

- Demonstrate that it has implemented an assessment system that ensures that assessment:
 - a) Complies with the assessment requirements of the relevant training package
 - b) Is conducted in accordance with the principles of Assessment contained in table (1.8.1) and the rules of evidence contained in table (1.8.2).
